

## SPONSORSHIP

**Marvin Bozarth** was the Executive Director of the International Tire and Rubber Association (ITRA) before the merger and the strongest proponent of what became TIA training and certification. He was a retreader at heart, specifically OTR retreading, and was a fixture at the OTR Tire Conference for decades. His love of OTR tires and passion for training and education come together naturally for naming the Earthmover Tire Service (ETS) Technician of the Year in his honor.

Marvin was also a technician. His travels include countless stories of ruining another pair of his trademark khaki pants because he saw a problem and then helped fix it correctly. That same attention to detail and focus on following the proper safety guidelines embodies the Bozarth award winner so the winner must be an experienced technician who has completed TIA's Commercial Tire Service (CTS) and ETS programs so they are trained to comply with Occupational Safety and Health Administration requirements in addition to the specific task training for servicing OTR tires, wheels and rims.

The Marvin Bozarth ETS Technician of the Year and one guest will receive roundtrip airfare, transfers, conference registration and accommodations to the OTR Tire Conference in Orlando in February of 2026. The Bozarth award winner will be recognized during the program on Wednesday afternoon and at the Welcome Gathering on Wednesday evening. Sponsorship is \$1,000.

### **BENEFITS OF SPONSORSHIP:**
