Advanced Hands-On ITS Training

TIA is proud to offer Advanced Hands-On Training for technicians in the Industrial Tire industry. With support from AME, Stellar Industries and Tire Life, students will receive comprehensive hands-on training using a service truck, hydraulic tools and a variety of equipment that can aid them in servicing tires.

The first day of class will be in a classroom setting, going through videos and workbooks. The remaining two days will be hands-on training. TIA's goal is to have the students leave with comprehensive knowledge that can only come from a combination of formal and hands-on learning. Students successfully completing a final exam will receive a Certificate of Completion.
